SAUER BIBUS Milestones

- → 1984: Founding of SAUER DAIKIN Systemtechnik GmbH – equipment production; sales and service for DAIKIN industrial hydraulic products
- → 1994: Founding of SAUER BIBUS GmbH with reconciliation of activities of SAUER DAIKIN Systemtechnik GmbH – distribution and service for DAIKIN industrial hydraulic products in Europe
- → 1995: Sales and service for DANFOSS (SAUER-SUNDSTRAND) products in Southern Germany
- → 2001: Sales and service for HYDRO-GEAR products
- → 2003: Sales and service for KAWASAKI hydraulic products; move to Neu-Ulm site
- → 2004: Start of ICVD series production
- → 2006: Sales and service for SUMITOMO hydraulic products
- → 2010: Sales and service for TUROLLA and COMATROL products
- → 2012: Renewal of the contract partnership with DANFOSS
- → 2013: Expansion of own production with COMPACT DRIVE and MODULE DRIVE

SAUER BIBUS – your competent partner for hydraulic drive technology

Trading partner for well-known companies

SAUER BIBUS enjoys the full confidence of well-known manufacturers on the customer and supplier side and can look back on a long tradition.

Extensive experience, reliability and profound technical know-how in the fields of hydraulics, electronics and vehicle control have made SAUER BIBUS a competent partner since 1994.

Development of intelligent system solutions

With their great wealth of technical experience, SAUER BIBUS have made a name for themselves with the development of customised drives. With components or complete sub-assemblies, SAUER BIBUS offers self-developed hydraulic system solutions which find successful industrial applications with high efficiency in systems, vehicles and machines.

ARGO HYTOS

- → Hydrostatic drives
- → Gear pumps and axial piston variable displacement pumps for open circuits
- → Orbital motors
- → Proportional valves
- → Steering components
- → Electro-hydraulic solutions
